

**RESOLUTION CALLING FOR AN END TO U.S. INVOLVEMENT IN THE
AFFAIRS OF SOVEREIGN NATIONS**

WHEREAS for decades United States policy has abandoned non-interventionism in the affairs of sovereign foreign countries in favor of military, economic and political empire and nation-building and

WHEREAS this change violates the U.S. Constitution, the intentions of the Founders of our Republic for a limited government of separation of powers among the legislative, executive and judicial branches of government and

WHEREAS this change in policy has been drastically escalated by the neo-con globalist activities of such groups as the Council on Foreign Relations, the Trilateral Commission, the Rand Corporation and the Project for the New American Century and

WHEREAS since 9-11 a war on terror has been used by the Bush and Obama administrations to intervene in Afghanistan, Pakistan, Libya, Egypt, Iraq, Yemen, Somalia, Kenya, the Sudan, Nigeria, Ukraine, Eastern Europe and

WHEREAS this intervention has resulted in Middle East destabilization, drone attacks on innocent populations, the massive loss of American military lives, the physical destruction of property and infrastructure, the overthrow of imperfect but sovereign leaders, the rise of radical Islam to fill the vacuum thus created, the U.S. funding of ISIS (see attached article "Defense Chief: Obama Gave Willful Aid to Al-Qaeda"), a global refugee crisis that could bankrupt Western nations and destroy Western Christian culture, a world-wide heroin epidemic fueled by CIA protection of opium production in Afghanistan with a corresponding explosion of heroin use in our local Lincoln County communities, a domestic Veteran population ignored or over-drugged by a government that sent them on multiple deployments, the growth of a bloated national security state that consistently violates the constitutional rights of its citizens (FEMA, Homeland Security, NSA, TSA), an impending national financial collapse triggered by debt and the destruction of the U.S. dollar, and finally a confrontation with Russia that presents the risk of nuclear war and

WHEREAS all the above problems adversely impact the lives of all Americans, Wisconsin citizens, Lincoln County residents and the good people of the Town of Pine River

THEREFORE BE IT RESOLVED that the Town Board of Pine River, Lincoln County, Wisconsin demands that our Troops be brought home, that our Veterans be cared for immediately, that our national needs be attended to and that our constitutional liberties be restored and

THEREFORE BE IT FURTHER RESOLVED that these policies be investigated by Congress and the Department of Justice so that all relevant crimes may be prosecuted and

THEREFORE BE IT FURTHER RESOLVED that this resolution be sent to the President, the U.S. Attorney General, the Secretary of Defense, the Joint Chiefs of Staff, the Central Intelligence Agency, the Governor of Wisconsin, the Wisconsin delegation to the U.S. Senate and Congress, the Lincoln County Wisconsin Senate and Assembly representatives, the Lincoln County Clerk, all Lincoln County Towns and the Wisconsin Towns' Association

Defense Intel Chief: Obama Gave “Willful” Aid to Al-Qaeda

Despite warnings about the consequences from senior U.S. officials, the Obama administration made a “willful decision” to support al-Qaeda, the Muslim Brotherhood, and other jihadist terror groups in Syria, according to former Defense Intelligence Agency (DIA) chief Michael Flynn. That deliberate aid to Islamic terrorists battling Syrian dictator Bashar al-Assad played a crucial role in the rise of the “Islamic State” (ISIS or ISIL). While top U.S. officials have already admitted that Obama’s so-called anti-ISIS coalition helped create, arm, and fund ISIS, Flynn is the highest-ranking administration official to publicly discuss the U.S. role in spawning the savage terror group now slaughtering Christians and other minorities across the Middle East. Almost incredibly, the establishment press and Congress have largely ignored the explosive revelations — even as the White House steps up its military aid to jihadist “rebels” in Syria with air support and training.

Speaking during an in-depth interview July 29 on Al Jazeera, DIA chief Flynn was asked about a 2012 report produced by his agency. The document, obtained under the Freedom of Information Act by Judicial Watch, contained a number of revelations that should have seen a wide array of senior administration officials prosecuted under U.S. anti-terrorism laws. The secret report confirms what *THE NEW AMERICAN* has been reporting almost from the start of the war in Syria: The globalist-backed “revolution” against Assad was a “holy war” being led by al-Qaeda, the Muslim Brotherhood, and other jihadist terrorists. The document also highlights the fact that the West and its Sunni Islamic dictator allies were supporting those same forces, and that they wanted to see the rise of a fundamentalist Islamic state in parts of Syria.

“The West, Gulf countries [the Islamic regimes ruling Saudi Arabia, Qatar, United Arab Emirates, etc.], and Turkey support the Syrian opposition,” it explains, adding that al-Qaeda and other terrorists are the “major forces driving the insurgency” against the Syrian despot. “There is the possibility of establishing a declared or undeclared Salafist [fundamentalist Islam] principality in Eastern Syria (Hasaka and Der Zor), and this is exactly what the supporting powers to the opposition want, in order to isolate the Syrian regime.” Of course, that is exactly what happened when ISIS declared the establishment of its “caliphate” in Eastern Syria and parts of Iraq during its war on Assad and his al-

lies. The report also warns of the potential consequences — though there is no mention of genocide against Middle Eastern Christians facilitated by those same policies, which is ongoing.

Flynn was not shy about admitting what by now is almost common knowledge — the Obama administration supported Islamic terrorists, including al-Qaeda, in the rebellion against the Syrian regime. “I don’t know that they turned a blind eye, I think it was a decision,” the former DIA chief said. “I think it was a willful decision.” The interviewer, Mehdi Hasan, sounding surprised at the frankness and the enormity of the revelation, said: “A willful decision to support an insurgency that had Salafists, Al Qaeda and the Muslim Brotherhood?” Flynn replied: “It was a willful decision to do what they’re doing.” What “they” — the administration — are doing, and have been doing, is supporting barbarians who are butchering their way through Iraq and Syria while overthrowing “apostate” rulers and slaughtering

or enslaving non-Sunnis.

During the Al Jazeera interview, Flynn was careful to avoid pinning all the blame for ISIS on Obama’s pro-jihad designs in Syria. Among other policies cited by the former defense intelligence chief that contributed to ISIS was the Iraq war. Flynn also conceded that the prison system in Iraq during the U.S. occupation — first under U.S. control, later under Iraqi control — served as a breeding ground for the jihadists and terrorists now chopping off the heads of infidels across the region. Another factor contributing to the terrorist threat is the Obama administration’s mass-murder-via-drone-fired-missiles policy, which Flynn concluded creates more terrorists than it eliminates. Despite all of that, Flynn seemed to argue that the U.S. government should have actually done even more in the region, rather than less.

Meanwhile, on the ground in Syria, countless innocent people — especially Christians, who are being systematically exterminated by the same jihadists that Washington, D.C., has been aiding and abetting for years — are paying the ultimate price for Obama’s globalist pro-terrorist “foreign policy.” Congress must rein in Obama, reclaim its constitutional authority over making war, and follow the advice of America’s founders regarding non-intervention in foreign nations. Until that happens, the horror and the death toll abroad will get worse as the U.S. decline accelerates. ■
